January 1, 2024 - December 31, 2024

Care N' Care Insurance Company, Inc. (Care N' Care) is an HMO and PPO plan with a Medicare contract. Enrollment in Care N' Care depends on contract renewal.

The benefit information provided is a summary of what we cover and what you pay. It does not list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the "Evidence of Coverage." You can also see the Evidence of Coverage on our website, cnhealthplan.com.

To join a Southwestern Health Select (HMO) plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, and live in our service area. Our service area includes the following counties in Texas: **Collin, Dallas, Denton, Tarrant, Rockwall.**

You must receive your care from a network provider. In most cases, care you receive from an out-of-network provider (a provider who is not part of our plan's network) will not be

covered. This means that you will have to pay the provider in full for the services furnished. Exceptions include emergency care, urgently needed services, and kidney dialysis while outside our service area. For additional details, see the Evidence of Coverage.

Important Message About What You Pay for Insulin – You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

Coverage Gap

During the Coverage Gap stage, your out-of-pocket costs for Formulary Insulins will be no more than \$35 for a retail or mail order 30-day supply or \$70 for a retail or mail order 100-day supply. To find out which Insulins are on our formulary, review the most recent Drug List we provided electronically on our website at www.cnchealthplan.com.

For Tier 1 and select Tier 2 and 3 generic drugs, you pay either your Tier 1, 2, or 3 copayment or 25% of the costs, whichever is lower. For all other covered generic drugs, you pay 25% of the costs. For select Tier 3 brand drugs, you pay no more than the Tier 3 copayment. For all other brand name drugs, you pay 25% of the cost (plus a portion of the dispensing fee). You stay in this stage until your year-to-date “out-of-pocket costs” (your payments) reach a total of \$8,000. This amount and rules for counting costs toward this amount have been set by Medicare.

Catastrophic Coverage

During this stage, you pay zero for each prescription you fill. The plan and Medicare pay the rest until the end of the calendar year.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Medicare Specialist at 1-877-905-9210.

Understanding the Benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit cnhealthplan.com or call 1-877-905-9210 to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor, or pay a higher share of the cost.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.
- Review enrollment decision and how enrollment will affect current coverage.

Understanding Important Rules

- If you select a plan with a monthly premium then in addition to your monthly plan premium you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/coinsurance may change on January 1, 2025.
- For PPO plans, you do not need to get a referral or approval in advance when you get care from out-of-network providers. However, it is strongly recommended that you provide notification to Care N' Care before you get some services from non-plan providers. If you do not provide this notification, you may be responsible for the providers' charges, if Care N' Care determines the services are not covered benefits or are not medically necessary. If you provide notification before obtaining services, you will not run the risk of Care N' Care (PPO) determining that the services are not covered.
- For HMO plan, you must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Care N' Care will be responsible for the cost.
